

ORLEXTRSUS - LED Recessed Suspended Exit Sign

Description

Our stylish ORLEXTRSUS is a suspended, double-sided, recessed LED exit sign that can be seen clearly from a 25m viewing distance. The legend is manufactured using an acrylic panel that provides good visibility through even light distribution. Requiring a small amount of maintenance during its long life cycle, aside from regular testing procedures, the legend also holds a full three hours of output in emergency mode.
